Scrapbook Sketch Starting Points

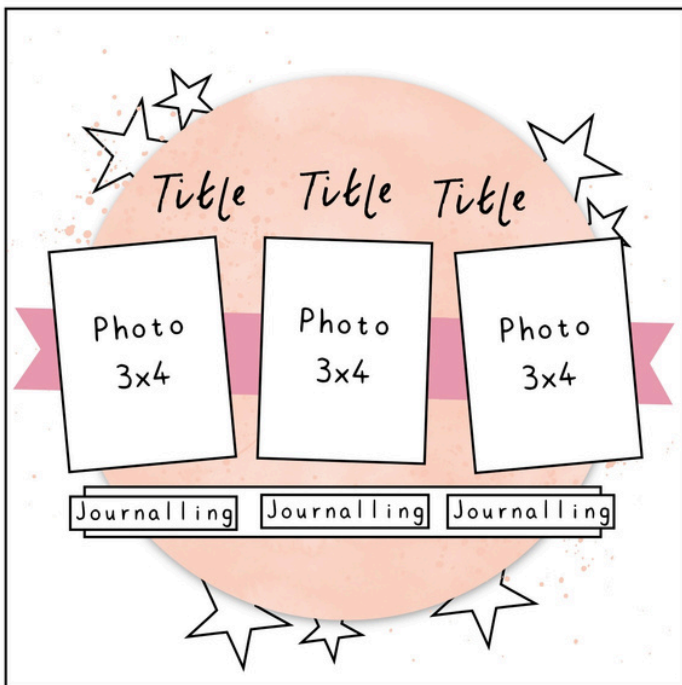

Starting point idea - Use a circle punch or die to cut out circles from patterned papers then cut them in half to make scallop shapes to create border designs.

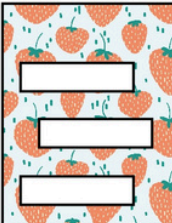

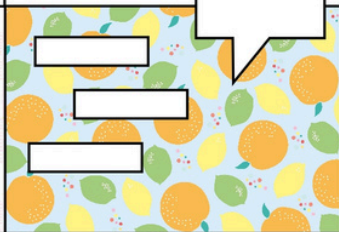

Next page

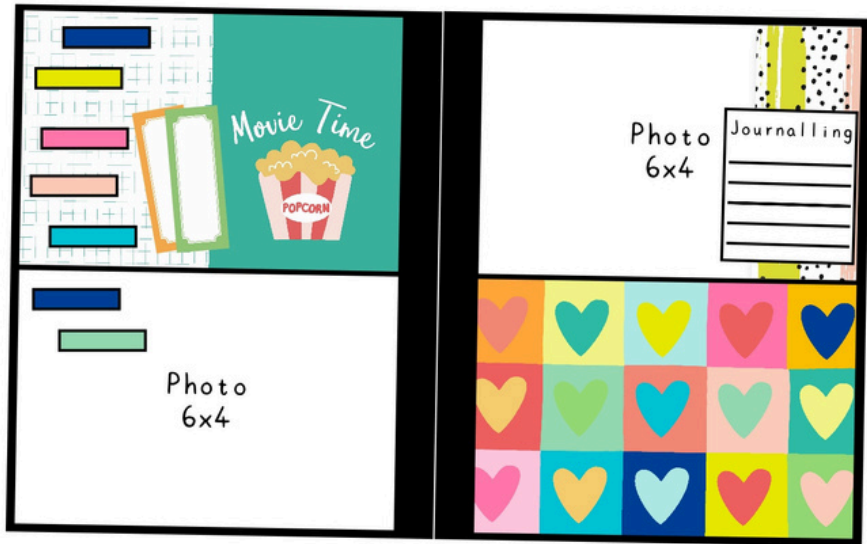

Starting point idea - Use the spritz in the main kit to paint with and make marks with and splash over on a sheet of cardstock, use it as practice for what you can do with the spritz. Let the sheet dry then cut out a big circle from it to use as a background layer along with patterned paper strips. Tuck ephemera embellishments underneath the circle and add more on top.
